appsales@worldlink-us.com

WorldLink partners with leading educators and school districts to create customized mobile solutions for their scholastic community.

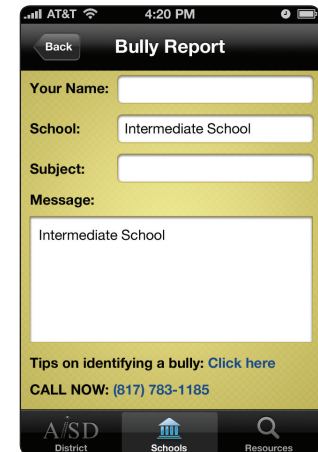

Mobile Apps:

- Promote mobile learning
- Keep parents engaged
- Bridge communication gaps
- Provide real-time information

WorldLink will partner with your team to determine the best mobile solution for your school or district.

Specific school information including menu items, report a bully, and many more.

Report a bully straight from your phone.
